Units of Sound – Access Checklist

Before using Units of Sound with a student, please check the following.

☐ I have logged onto the computer with a student account.

☐ I have a headset with a microphone plugged into the computer.

1. Open your web browser and go to Units of Sound
   http://online.unitsofsound.com

☐ I can access Units of Sound.

2. Click on the cogs at the bottom right of the screen to view the diagnostics screen.

☐ I can confirm that I hear sound when I click 'Play Sound Clip'

☐ I can confirm that the Microphone Settings enabled box is ticked.

3. a. Press the Open Flash Settings button

b. Click on the microphone tab

You should see a microphone selected

Unknown Microphone is BAD

☐ When I speak into the microphone I can see the green bars moving up and down.

3. Click the second tab from the left and click the allow and remember if they are not already selected as shown.

☐ I have set allow and remember in the Flash Player privacy settings.

4. Click Close and Done:- You are now ready to login and use Units of Sound
